We are required to report six times each year to the Comptroller of the Currency (Supervisor of National Banks). These reports are very exhaustive and conver such information regarding our financial condition as will enable the supervising authority to determine whether our business is being carried on with proper regard for the safety of funds entrusted to our keeping

We are also subject to semi annual er amination by Government examiners who call without giving any notice or warning whatever. The examiners m over and prove all of our books and se curities and inquire into every phase of our operations.

We have always welcomed the stricted supervision and shall continue to do so.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the Blood on the Mucous Surfaces of the System. One Hundred Dollars reward is offered for any case that Hall's' Catarrh Medicine fails to cure. Send for circulars and testimonials.
